Excepted Position Vacancy

ANNOUNCEMENT NO: E20030094

OPEN: 09/02/2003

CLOSE: 10/20/2003

THIS IS A PERMANENT POSITION.

POSITION VACANT: Facilities Engineering Project Manager (Engineer) AD-0801-4. Annual salary ranges from \$81,602 to \$127,168.

LOCATION: Office of the Director, Office of Polar Programs, Polar Research Support Section.

BARGAINING UNIT STATUS: This position is included in the bargaining unit and will be filled in accordance with the Merit Promotion Plan described in NSF Manual 14 (PER II-100).

AREA OF CONSIDERATION: All Sources.

RELOCATION: Expenses will be paid.

THIS POSITION IS OUTSIDE THE COMPETITIVE CIVIL SERVICE

Appointment to this position will be made under the Excepted Authority of the NSF Act. Candidates who do not have civil service status or reinstatement eligibility will not obtain civil service status if selected. Candidates currently in the competitive service will be required to waive competitive civil service rights if selected. Usual civil service benefits (retirement, health benefits, life insurance) are applicable for appointments of more than one year.

DUTIES AND RESPONSIBILITIES: This position is that of Facilities Engineering Projects Manager in the Polar Research Support Section (PRSS) of the NSF Polar Programs. This person will have overall responsibility for facilities design, engineering, construction management and facilities maintenance for the US Antarctic Program (USAP). The incumbent will work with contracted architectural and engineering firms, the NSF's prime support Antarctic support contractor, and /or other Federal agencies that can provide engineering, technical analysis, oversight and other construction management expertise. Additional duties and responsibilities include the following:

- Evaluates, prioritize, and integrate facilities requirements into annual and long-range plans; periodically update and oversee the implementation of plans for continuous improvement – in terms of fire/life, safety, habitability, efficiency and cost-effectiveness – of all Antarctic facilities.
- Provide associated technical direction to the civilian contractor and personnel from other U.S. Government and civilian entities.
- Directs and reviews activities of other government and outside technical consultants and oversees development of all engineering and architectural, engineering, and implementation plans related to the construction of new facilities and/or the renovation of existing facilities.
- Conduct special investigations of new technologies, equipment and construction methods which may enhance the ongoing work in the polar regions.
- On an annual basis, conduct on-site inspections in Antarctica of facilities construction projects.
- Arrange for proper inspection of construction projects and conduct acceptance of completed facilities on behalf of the U.S. Government.

QUALIFICATIONS REQUIRED: Applicants must possess a Ph.D. or equivalent experience in civil, mechanical, structural, electrical or electronics engineering or facilities operations and management. A Project Engineer (PE) license is highly desirable. In addition, applicant must have at least six years of experience managing and overseeing the planning and execution of complex facilities projects.

Appointment is contingent upon satisfactory completion of a physical examination according to standards used for USAP medical/dental screening for travel to Antarctica.

QUALITY RANKING FACTORS:

1. Extensive experience in project management, including planning, executing and overseeing major and complex facilities design, engineering and construction projects, as well as planning, executing and overseeing safe, efficient and cost-effective facilities maintenance programs in remote areas.
2. Analytical skill in assessing the application of technologies in facilities design and engineering, construction, maintenance and operations.
3. Ability to develop and implement annual and long-range plans including cost and schedule estimation and review.
4. Skill in implementing contracts, MOAs and cooperative agreements, including negotiating statements of work, cost and performance evaluation.
5. Skill in providing oversight to and resolving issues with a mix of civilian and U.S. Government entities providing facilities design, engineering, construction, maintenance and operations.

BASIS FOR RATING: Final ranking is based on an evaluation of your experience, education and training as they relate to the knowledge, skills and abilities specified in the Quality Ranking Factors. Current performance appraisal, letter(s) of recommendation, and awards may also be used in the evaluation process.

CONDITIONS OF EMPLOYMENT: Appointment to the position is contingent upon successful completion of the appropriate background investigation. Satisfactory completion of a one-year trial period may also be required.

HOW TO APPLY: You may apply for this position with the *Optional Application for Federal Employment* (OF-612), the older *Application for Federal Employment* (SF-171), a resume, or other application format of your choice - so long as it contains the necessary information (summarized below). You must also submit a current Performance Appraisal or letter(s) of recommendation from professionals who can comment on your capabilities. In order to ensure full consideration, it is recommended that you submit a supplemental statement which specifically addresses how your background and experience relate to each Quality Ranking Factor listed on this announcement.

You must specify the job announcement number, and title and grade(s) of the job for which you are applying. You should also provide the following information: ♦ Your country of citizenship. ♦ Your social security number. ♦ Information about your education, including (1) high school graduation date and (2) college/university information - your major, and type and year of degree(s).
